CASIO SPORT

The portable training partner:  
The PHYS CHR-100 and  
CHR-200 models with chest belt  
show competitive runners their  
heart rate and have a built-in  
fitness monitor. When transmit-  
ting the data from the chest to the  
watch, the CHR-200 models use  
a personal code to prevent any  
outside data from being transmit-  
ted along with it. The chest belt is  
water-resistant – up to 3 bar.
