Radio Controlled Watches

**Radio & Solar**

Ultra-precise wireless technology boosts the appeal of the new G-SHOCK collection, and with Tough Solar technology, offers an environmentally friendly source of energy. Rounded off by a unique, sturdy casing, G-SHOCK models stand for unbeatable quality once again.

**GIEZ**

The GIEZ GS-1100 makes an impression with its ultra-precise radio reception and top-class quality: superior technology meets breathtaking design. Solid stainless steel protects five powerful motors. Pure solar energy provides the ultimate in perfection. These chronographs are tailored to meet the needs of even the most demanding men – a perfect complement to any outfit.

### Rally Timer

The new GW-9010 is completely mud-proof and dust-proof. Boasting a stopwatch and a countdown timer, the innovative Rally Timer offers you genuine variety: while the stopwatch operates in standard mode, the countdown timer counts down the time entered to zero, sending out a continuous acoustic signal during the final ten seconds. What's great is that the two functions work simultaneously, helping you to reach your destination at a defined point in time.

When you have a strong personality, you need a strong watch: just like cult American director Spike Lee, a G-SHOCK fan who is now supporting its unique development and the very latest G-Shock revolution. Reason enough to acknowledge Lee's commitment with a retro limited edition that's no less compelling: the DW-5000SL-1ER, stylishly rounded off by the cool Spike Lee symbol on the display.

Limited edition

No less a person than Eric Haze, one of the most popular graffiti artists and streetwear designers, has created the DW-5600EH-7ER anniversary model to mark the 25th birthday of G-SHOCK. His significant "tag" is to be found exclusively on the display and, combined with the cool design of this limited edition watch, touches a nerve in the global hip-hop, skater and graffiti scene.

For G-SHOCK's 25th birthday, CASIO has developed stylish, special packaging for the anniversary models, in which the engraved anniversary logo is positioned on the back of the watch casing.

Thanks to its jazzy colours and trendy design, this popular retro model continues to attract fans. And it's no surprise that the admirers should include celebrities – like US rapper and Grammy award winner Kanye West, for example, whose love of the brand even led him to perform live at the G-SHOCK 25th anniversary party in New York.
